FOR MILITARY FAMILY READINESS

About This Series

Penn State's Clearinghouse for Military Family Readiness and the Department of Defense's (DoD) Office of Military Community and Family Policy have partnered to develop the THRIVE initiative, a continuum of parenting programs for parents of children from birth to 18 years of age. The THRIVE Initiative programs focus on three important areas: positive parenting practices, parent and child stress management and physical health promotion. Three of the four programs are now available online at no cost to parents! Starting in October 2019, the Military Families Learning Network will host a series of webinars highlighting the THRIVE Initiative programs and available resources.
