The Family & Medical Leave Act (FMLA)

When you or a loved one experiences a serious health condition that requires you to take time off from work you may be eligible for Family Medical Leave Act (FMLA). Whether you are unable to work because of your own serious health condition, or because you need to care for your parent, spouse, or child with a series health condition, FMLA provides unpaid, job-protected leave. Leave may be taken all at once, or may be taken intermittently as the medical condition requires. This training will provide an overview of how FMLA may benefit caregivers and identify leave provisions for military families. Learning objectives include: Introduce the benefits and protections of the Family and Medical Leave Act (FMLA) Identify non-military FMLA Leave Provisions; and Review Military Family Leave Provisions for Qualifying Exigency and Military Caregiver Leave.

PRESENTER

Olivia Jones

Senior Analyst

Division of Family and Medical Leave Act (FMLA)

Office of Policy, U.S. Department of Labor Wage and Hour Division

As Senior Analyst for the FMLA Branch, Ms. Jones helps with the development of interpretative and other guidance on the application of the FMLA, including the development of regulations, Field Operations Handbook sections, and Opinion Letters. Most recently she served a project manager for The Employer's Guide to the FMLA, a comprehensive resource tool created to assist employers in administering FMLA leave.
