

# Activity: Exploring Multiculturalism

## § Cultural Sharing

- Where did you grow up?
- How do you identify racially, ethnically, and culturally? What is your ancestry?
- Describe your generational category.  
Traditionalists (before 1946); Boomers (1947-64); X (1965-81); Y/Millennials (1982-2000)
- Describe the class background of the family you grew up in and any change now.
- Note one thing that you *like* and one thing you *don't like* about your cultural identification.
- How might/does this cultural background *help* you in your work and how might/does it *hinder* you?
