PRESENTER

Rhonda Romero
Public Affairs Specialist
Social Security Administration (SSA)

ABOUT THIS WEBINAR

Supplemental Security Income (SSI) provides critical financial help to aged, blind, and disabled people who have limited income and resources. Social Security Disability Insurance (SSDI) pays disability benefits to you and certain family members who meet our definition of disability if you worked long enough – and recently enough – under Social Security. In this webinar participants are provided important information about the basics of the SSDI and SSI programs and the application process.

Learning Objectives:

After completing this webinar, participants should be able to:

- Provide a basic understanding of SSI/SSDI insurance programs.
- Identify what are the non-medical eligibility requirements for each program.
- Understand how to file an application for SSI/SSDI and what to expect from Social Security during the application process.
