

# Break Down Barriers to Collaboration!

SEPTEMBER 18, 2019  
1:00 p.m. - 2:00 p.m. ET

Virtual Conference Session #4

## Collaboration across Boundaries

### Discover how you can build sustainable professional relationships!

Collaboration, by its nature, means bringing myriad partners together to achieve consensus, cooperation, and ultimately success. In this session we'll discuss what it means to have a collaborative mindset, and you'll learn six key factors for putting that mindset into practice. We'll also examine processes that experts use, especially when federal government rules and regulations mandate information sharing and collaboration across the services and agencies. You'll understand the nature of "collaborative leadership," and know how to lead as a peer rather than as a superior.

Join Russ Linden to talk about collaboration, learn from others' perspectives and skill sets, and share knowledge. Let's begin the work of working together as service providers to envision our contributions to the Family Readiness System.
