 December 16th, 2026

2026 Military Personal Finance Year in Review

Identify legislation and events that have impacted military personal finances during 2026.

On-Demand Learning

OneOp offers a plethora of options for on-demand learning. Highlighted here are some of our most recent options. The 2026 Academy is now fully available on-demand as well as two Direct-to-Library events covering service animal laws and the social determinants of health.

Watch the Academy On-Demand

The four Academy events offer chances to learn across domains. Watch all four sessions on-demand and gain up to six **no-cost** continuing education credits from **ten** continuing education organizations.

Each Academy webinar is paired with a related episode of the *Practicing Connection* podcast. Listen now to deepen your learning!

When Community Works: Care, Connection, and Collective Resilience with Julika von Stackleberg

The Connective Tissue: What Statewide Military Family Coordination Looks Like

Pressure Relief: What Cooperatives Can (and Can't) Do for Child Care

Stronger Together: A Change Framework for Community Action

Understanding Service Animal Rights When the Law Gets Ruff

Identify key laws that govern service animal access in public accommodations, housing, employment, transportation, and more.

Where You Live Shapes How You Live

Discover how to use Social Determinants of Health data tools to assess community health needs and identify existing assets, resources, and gaps within a defined geographic area.

On-Demand Programming

Child Development: Knowledge, Behavior, and Healthy Boundaries

Identify factors linked to the development of problematic sexual behavior and outline steps to respond to these concerns.

Innovative Strategies for Stronger Military Nutrition Environments

Illustrate how the mNEAT can be used by public health professionals, registered dietitians, and providers to assess the food environment.

IDD, Aging, and Military Families: Challenges and Opportunities

Learn how to address current and future needs of people with intellectual and developmental disabilities.

Focused Programming: Spouse Employment

Military spouses bring valuable skills, resilience, and diverse perspectives to the workforce, yet relocations, licensing barriers, and limited opportunities can disrupt their careers. Providers need ongoing professional development to understand these challenges, offer strengths-based guidance, build effective partnerships, and connect spouses with resources that support meaningful, sustainable employment and entrepreneurship.

A 360 View of the Spouse Employment Environment

This course is designed to help service providers level up in their roles, strengthen systems awareness, and approach military spouse employment work with clarity, confidence, and a strengths-based mindset.

Side Hustle to Sustainable Income: Entrepreneurship for Military Spouses

For military spouses, employment decisions can be shaped by relocation, childcare access, and the need for flexible and portable work opportunities. Explore how entrepreneurship can offer another pathway to sustainable income.

Unlocking Global Talent: Supporting Foreign-Born & OCONUS Military Spouse Employment

In this webinar, discover how to engage and educate employers on the unique value of military spouse talent, including the benefits of hiring foreign-trained or internationally experienced professionals.

When Community Works: Care, Connection, and Collective Resilience

with Julika von Stackelberg, Ph.D.

When Community Works: Care, Connection, and Collective Resilience with Julika von Stackelberg

Belonging isn't just a warm feeling – it's something people build together over time.

In this episode, we're talking about how communities learn to do that in ways that are genuinely caring, how they keep it going. Whether you work with military families or are simply interested in how stronger, more resilient communities are built, this conversation offers insights to carry into your own work.
